## Polar Exploration Books

## Catalogue: BYRD

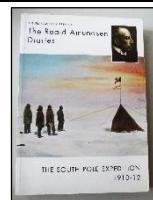

Welcome to our latest polar catalogue. I have changed the format this year. There are just 100 books and items of ephemera listed from my extensive stock. Most are books I have acquired recently. Items are separated in to two sections Antarctic and Arctic. Look out for signed books in the list! Terms of trading are listed at the end.

If the book you are looking for is not in this catalogue, then please get in touch. Please let us know if you would like more details about the condition or images of any of the books. Happy hunting, and all the best for a happy and healthy 2026.
